A Comparative Effectiveness Study of Intravitreal Aflibercept, Bevacizumab and Ranibizumab for Diabetic Macular Edema (T)

Medications Form

tblTMedication

PtID: **(tblPtRoster.PtID)**

Patient Initials:

If treatment is for a medical condition or adverse event, a Medical Condition Form or Adverse Event Form must be completed before the medication is entered.

When you are updating a previously entered medication, if the medication dose or frequency has changed, enter the stop date for the current medication dose and then enter a new record for the new dose.

1. Medication Name (Brand Name – Generic Name): _____ **(DrugBrandName)**

2. Dose per administration (include unit): Dose: _____ **Unit:** _____ **or** ☐ Unknown
(MedDose) (MedUnit) (MedDoseUnk)

3. Route: **(MedRoute)**

- **o** S.C.-subcutaneous
- **o** I.V.-intravenous
- **o** Gtt-drops
- **o** I.D.-intradermal
- **o** I.M.-intramuscular
- **o** P.O.-by mouth
- **o** P.R.-by rectum
- **o** Topical
- **o** Vaginal
- **o** Oral Inhalation
- **o** Nasal
- **o** Sublingual
- **o** Intravitreal
- **o** Peribulbar
- **o** Intra-articular
- **o** Transdermal

4. If treatment is for eye or ear, complete: ○ right ○ left ○ both **(MedLocSide)**

5. Frequency: O fixed regimen O as needed O one time treatment **(MedFreqType)**

5a. if <u>fixed</u>, complete the following:

Frequency _____ per (day, week, month, year) **or** ☐ Unknown
(MedFreqNum) (MedFreqPer) **(MedFreqUnk)**

5b. if 'as needed', approximate frequency: (MedFreqAsNeededDs)

- O **>**1/d
- O 1/d
- O 1/wk
- O 2-6/wk
- O 1/mo
- O 2-3/m
- O 1/yr
- O 2-5/yr
- O 6-11/yr

6. Indication: (MedInd)

- O Medical condition prior to enrollment
- O New medical condition/adverse event
- O Prevention

6a. If medical condition (either pre-existing or occurred during the study but not reportable as an adverse event), select condition: (ParentLoginIDMedCondition)

- O Hypertension
- O Elevated Cholesterol
- O ENT
- O Cardiovascular
- O Respiratory
- O Gastrointestinal
- O Renal (Kidney)
- O Genitourinary
- O Hepatic (Liver)
- O Endocrine
- O Neurological
- O Musculosketal
- O Skin
- O Psychological
- O Blood/Lymphatic
- O Allergy
- O Other_____

6b. If 'Treatment for Adverse Event', enter adverse event:_____ **(AdverseEventType)**

7. Start Date of Treatment (MedStartTrtCat)

O On treatment at time of enrollment
O Treatment started after enrollment

7a. If treatment started after enrollment/randomization:
Approximate if necessary; for day of month, enter '01' when the month is known but day of month is not known

Start date: ___ ___/___ ___ ___/___ ___ ___ ___ **(MedStartDtDaysFromEnroll)** ☐ Approximate **(MedStartDtApprox)**
dd/MMM/yyyy

8. Stop Date *(or mark box if ongoing)***:**
Approximate if necessary; for day of month, enter '01' when the month is known but day of month is not known.

___ ___/___ ___ ___/___ ___ ___ ___ **(MedStopDtDaysFromEnroll)** ☐ Approximate **(MedStopDtApprox)**

☐ Ongoing **(MedOngoing)**

dd/MMM/yyyy
