**A Comparative Effectiveness Study of Intravitreal Aflibercept, Bevacizumab and Ranibizumab for Diabetic Macular Edema (T)**

**Ocular and Medical History Form (Randomization)**

**tblTHxBaseline**

**PtID:** **(tblPtRoster.PtID)**

**Patient Initials:**

**Date history elicited:** ___ ___/___ ___ ___/___ ___ ___ ___ **(BsHxEliciteDtDaysFromEnroll)**
*dd/MMM/yyyy*

## DEMOGRAPHIC INFORMATION

**1. Gender:** O Male O Female **(Gender)**

**2. Ethnicity:** O Hispanic or Latino O Not Hispanic or Latino O Unknown/not reported **(Ethnicity)**

**3. Race:** **(Race)**

- O White
- O Black/African-American
- O Asian
- O Native Hawaiian/Other Pacific Islander
- O American Indian/Alaskan Native
- O More than one race
- O Unknown/not reported

***If More than one race selected, please specify:_____***

## DIABETES HISTORY

**1. Age at diagnosis of diabetes:**_____ yrs old **(DiabAge)**
*enter approx age if subject is not precise and records are not available*

**2. Type of Diabetes:** O Type 1 O Type 2 O Uncertain **(DiabetesType)**

**3. Is insulin being used** O Yes O No **(InsulinUsed)**

**3a. If *Yes*: Enter age when insulin treatment started**_____ yrs old **(InsTrtAge)**
*enter approx age if subject is not precise and records are not*

**MEDICAL HISTORY**

**Subject History**

**All of the following are true: (SubjHxVerified)**

- ☐ Subject does NOT have significant renal disease, defined as a history of chronic renal failure requiring dialysis or kidney transplant.
- ☐ Subject does NOT have a condition that, in the opinion of the investigator, would preclude participation in the study (e.g., unstable medical status including blood pressure, cardiovascular disease, and glycemic control). Note: Individuals in poor glycemic control who, within the last four months, initiated intensive insulin treatment (a pump or multiple daily injections) or plan to do so in the next four months should not be enrolled.
- ☐ Subject has NOT participated in an investigational trial within 30 days of randomization that involved treatment with any drug that has not received regulatory approval for the indication being studied at the time of study entry. (Note: a subject cannot be enrolled in two IND studies simultaneously)
- ☐ Subject does NOT have a known allergy to any component of the study drug.
- ☐ Subject has NOT had a myocardial infarction, other acute cardiac event requiring hospitalization, stroke, transient ischemic attack, or treatment for acute congestive heart failure within 4 months prior to randomization.
- ☐ Subject has NOT had systemic anti-VEGF or pro-VEGF treatment within 4 months prior to randomization and does not anticipate use during the study.
- ☐ Subject is (1) male, (2) female NOT of child-bearing potential, OR (3) is NOT pregnant or lactating or intending to become pregnant within the next 24 months.
- ☐ Subject is NOT expecting to move out of the area of the clinical center to an area not covered by another clinical center during the first 12 months of the study.

**2. Is the subject currently using any medications or has the subject taken medications in the last 30 days?** ○ YES ○ NO **(PtCurrMed)**

*(If Yes, record all medications on the Concomitant Medication Form if medications are being collected for this study.*

**3. Does the patient have any pre-existing medical conditions other than Diabetes Mellitus that is either present now, a chronic disease, or a prior condition that could impact the participants health during the course of the study (e.g. prior MI or stroke)?** ○ YES ○ NO **(PreExistMedCond)**

*If Yes, record all pre-existing conditions on the Medical Condition Form.*

The eye is ineligible if any of the following exclusion criteria are met:

- History of an anti-VEGF treatment for DME in the past 12 months or history of any other treatment for DME at any time in the past 4 months (such as focal/grid macular photocoagulation, intravitreal or peribulbar corticosteroids).
- History of anti-VEGF treatment for a disease other than DME in the past 12 months.
- History of panretinal (scatter) photocoagulation (PRP) within 4 months prior to randomization.
- History of major ocular surgery (including vitrectomy, cataract extraction, scleral buckle, any intraocular surgery, etc.) within prior 4 months.
- History of YAG capsulotomy performed within 2 months prior to randomization.
- Aphakia.

**GENERAL EYE HISTORY – RIGHT EYE (OD)**

***Only complete this section if the right eye is being evaluated for eligibility***

**1. Has the right eye previously been treated for DME?** ○ Yes ○ No **(DMETrtHxOD)**

**If Yes, select all that apply and enter time since last treatment (if date is unknown enter approximate time)**

**Time since last treatment**
*Enter time in months if < 1 year or years if ≥ 1 year. If < 1 year round down to lower month; e.g. 3 months, 3 weeks = 3 months*:

☐ **a. Focal/grid laser photocoagulation** ____ months **OR** ○ 1 - < 2 ○ 2 - < 5 ○ > 5 years
**(DMETrtFocalLasHxOD) (DMETrtFocalLasHxMonOD) (DMETrtFocalLasHxYrOD)**

☐ **b. Intravitreal Triamcinolone** ____ months **OR** ○ 1 - < 2 ○ 2 - < 5 ○ > 5 years
**(DMETrtIVTHxOD) (DMETrtIVTHxMonOD) (DMETrtIVTHxYrOD)**

☐ **c. Peribulbar Triamcinolone** ____ months **OR** ○ 1 - < 2 ○ 2 - < 5 ○ > 5 years
**(DMETrtPBTHxOD) (DMETrtPBTHxMonOD) (DMETrtPBTHxYrOD)**

☐ **d. Vitrectomy (for DME)** ____ months **OR** ○ 1 - < 2 ○ 2 - < 5 ○ > 5 years
**(DMETrtVitHxOD) (DMETrtVitHxMonOD) (DMETrtVitHxYrOD)**

☐ **e. Intravitreal Anti-VEGF** ____ months **OR** ○ 1 - < 2 ○ 2 - < 5 ○ > 5 years
**(DMETrtVEGFHxOD) (DMETrtVEGFHxMonOD) (DMETrtVEGFHxYrOD)**

**Describe 'Intravitreal Anti-VEGF':**_____
*(Any drug that inhibits VEGF such as Macugen, Avastin, Lucentis, VEGF-trap)*

☐ **f. Other** ____ months **OR** ○ 1 - < 2 ○ 2 - < 5 ○ > 5 years
**(DMETrtOthHxOD) (DMETrtOthHxMonOD) (DMETrtOthHxYrOD)**

**Describe 'Other':**_____

**2. Has the right eye had surgery (including laser) other than for DME?** ○ Yes ○ No **(TrtOrSurgHxOD)**

**If Yes, select all that apply and enter time since last treatment (if date is unknown enter approximate time)**

**Time since last treatment**
*Enter time in months if < 1 year or years if ≥ 1 year. If < 1 year round down to lower month; e.g. 3 months, 3 weeks = 3 months*:

☐ **a. Panretinal scatter photocoagulation** ____ months **OR** ○ 1 - < 2 ○ 2 - < 5 ○ > 5 years
**(PRPHxOD) (PRPHxMonOD) (PRPHxYrOD)**

☐ **b. Cataract extraction** ____ months **OR** ○ 1 - < 2 ○ 2 - < 5 ○ > 5 years
**(CataractExtHxOD) (CataractExtHxMonOD) (CataractExtHxYrOD)**

☐ **c. YAG capsulotomy** ____ months **OR** ○ 1 - < 2 ○ 2 - < 5 ○ > 5 years
**(YAGHxOD) (YAGHxMonOD) (YAGHxYrOD)**

☐ **d. Vitrectomy (other than for DME)** ____ months **OR** ○ 1 - < 2 ○ 2 - < 5 ○ > 5 years
**(VitrectomyHxOD) (VitrectomyHxMonOD) (VitrectomyHxYrOD)**

☐ **e. Glaucoma filter/laser trabeculoplasty** ____ months **OR** ○ 1 - < 2 ○ 2 - < 5 ○ > 5 years
**(GlaucSurgHxOD) (GlaucSurgHxMonOD) (GlaucSurgHxYrOD)**

☐ **f. Refractive surgery** ____ months **OR** ○ 1 - < 2 ○ 2 - < 5 ○ > 5 years
**(RefractSurgHxOD) (RefractSurgHxMonOD) (RefractSurgHxYrOD)**

☐ **g. Other ocular surgery** ____ months **OR** ○ 1 - < 2 ○ 2 - < 5 ○ > 5 years
**(OcSurg1OthHxOD) (OcSurg1OthHxMonOD) (OcSurg1OthHxYrOD)**

**Describe 'Other ocular surgery':**_____

☐ **h. Other ocular surgery** ____ months **OR** ○ 1 - < 2 ○ 2 - < 5 ○ > 5 years
**(OcSurg2OthHxOD) (OcSurg2OthHxMonOD) (OcSurg2OthHxYrOD)**

**Describe 'Other ocular surgery':**_____

☐ **i. Other ocular surgery** ____ months **OR** ○ 1 - < 2 ○ 2 - < 5 ○ > 5 years
**(OcSurg3OthHxOD) (OcSurg3OthHxMonOD) (OcSurg3OthHxYrOD)**

**Describe 'Other ocular surgery':**_____

**GENERAL EYE HISTORY – LEFT EYE (OS)**

***Only complete this section if the left eye is being evaluated for eligibility***

**1. Has the left eye previously been treated for DME?** ○ Yes ○ No **(DMETrtHxOS)**

**If Yes select all that apply and enter time since last treatment (if date is unknown enter approximate time**)

**Time since last treatment**
*Enter time in months if < 1 year or years if ≥ 1 year. If < 1 year round down to lower month; e.g. 3 months, 3 weeks = 3 months*:

☐ **a. Focal/grid laser photocoagulation** ____ months **OR** ○ 1 - < 2 ○ 2 - < 5 ○ > 5 years
**(DMETrtFocalLasHxOS) (DMETrtFocalLasHxMonOS) (DMETrtFocalLasHxYrOS)**

☐ **b. Intravitreal Triamcinolone** ____ months **OR** ○ 1 - < 2 ○ 2 - < 5 ○ > 5 years
**(DMETrtIVTHxOS) (DMETrtIVTHxMonOS) (DMETrtIVTHxYrOS)**

☐ **c. Peribulbar Triamcinolone** ____ months **OR** ○ 1 - < 2 ○ 2 - < 5 ○ > 5 years
**(DMETrtPBTHxOS) (DMETrtPBTHxMonOS) (DMETrtPBTHxYrOS)**

☐ **d. Vitrectomy (for DME)** ____ months **OR** ○ 1 - < 2 ○ 2 - < 5 ○ > 5 years
**(DMETrtVitHxOS) (DMETrtVitHxMonOS) (DMETrtVitHxYrOS)**

☐ **e. Intravitreal Anti-VEGF** ____ months **OR** ○ 1 - < 2 ○ 2 - < 5 ○ > 5 years
**(DMETrtVEGFHxOS) (DMETrtVEGFHxMonOS) (DMETrtVEGFHxYrOS)**

**Describe 'Intravitreal Anti-VEGF':**_____
*(Any drug that inhibits VEGF such as Macugen, Avastin, Lucentis, VEGF-trap)*

☐ **f. Other** ____ months **OR** ○ 1 - < 2 ○ 2 - < 5 ○ > 5 years
**(DMETrtOthHxOS) (DMETrtOthHxMonOS) (DMETrtOthHxYrOS)**

**Describe 'Other':**_____

**2. Has the left eye had surgery (including laser) other than for DME?** ○ Yes ○ No **(TrtOrSurgHxOS)**

**If Yes select all that apply and enter time since last treatment (if date is unknown enter approximate time)**

**Time since last treatment**
*Enter time in months if < 1 year or years if ≥ 1 year. If < 1 year round down to lower month; e.g. 3 months, 3 weeks = 3 months*:

☐ **a. Panretinal scatter photocoagulation** ____ months **OR** ○ 1 - < 2 ○ 2 - < 5 ○ > 5 years
**(PRPHxOS)** **(PRPHxMonOS) (PRPHxYrOS)**

☐ **b. Cataract extraction** ____ months **OR** ○ 1 - < 2 ○ 2 - < 5 ○ > 5 years
**(CataractExtHxOS)** **(CataractExtHxMonOS) (CataractExtHxYrOS)**

☐ **c. YAG capsulotomy** ____ months **OR** ○ 1 - < 2 ○ 2 - < 5 ○ > 5 years
**(YAGHxOS)** **(YAGHxMonOS) (YAGHxYrOS)**

☐ **d. Vitrectomy (other than for DME)** ____ months **OR** ○ 1 - < 2 ○ 2 - < 5 ○ > 5 years
**(VitrectomyHxOS)** **(VitrectomyHxMonOS) (VitrectomyHxYrOS)**

☐ **e. Glaucoma filter/laser trabeculoplasty** ____ months **OR** ○ 1 - < 2 ○ 2 - < 5 ○ > 5 years
**(GlaucSurgHxOS)** **(GlaucSurgHxMonOS) (GlaucSurgHxYrOS)**

☐ **f. Refractive surgery** ____ months **OR** ○ 1 - < 2 ○ 2 - < 5 ○ > 5 years
**(RefractSurgHxOS)** **(RefractSurgHxMonOS) (RefractSurgHxYrOS)**

☐ **g. Other ocular surgery** ____ months **OR** ○ 1 - < 2 ○ 2 - < 5 ○ > 5 years
**(OcSurg1OthHxOS)** **(OcSurg1OthHxMonOS) (OcSurg1OthHxYrOS)**

**Describe 'Other ocular surgery':**_____

☐ **h. Other ocular surgery** ____ months **OR** ○ 1 - < 2 ○ 2 - < 5 ○ > 5 years
**(OcSurg2OthHxOS)** **(OcSurg2OthHxMonOS) (OcSurg2OthHxYrOS)**

**Describe 'Other ocular surgery':**_____

☐ **i. Other ocular surgery** ____ months **OR** ○ 1 - < 2 ○ 2 - < 5 ○ > 5 years
**(OcSurg3OthHxOS)** **(OcSurg3OthHxMonOS) (OcSurg3OthHxYrOS)**

**Describe 'Other ocular surgery':**_____
